CONADI COMPANY PRESENTATION

CONADI was founded in Bucharest in 1997 as a private equity company focused on providing Real Estate consulting services.

In time, the company has grown and has diversified its portfolio of services, adding, in addition to the existing Real Estate Services, the Project Management division, the Assets Valuation division, the Property Management division, the Development & Planning division, the Investment Management division and the Marketing & Communication division, developing into one of the few companies that provide INTEGRATED REAL ESTATE SERVICES.

These services are provided by a team of professionals who combine the entrepreneurial spirit with a perfect understanding of the real estate market dynamics, all finally transposing in a high degree of customer satisfaction.
